### QUICK PROFILE

Java Backend Developer helping small businesses, startups, and teams build Spring Boot APIs, database-backed workflows, dashboards, testing support, and practical web tools.

### Service focus

**Practical web/backend support for small businesses, startups, agencies, and teams.**

### WHAT I CAN HELP WITH

Freelance-ready services

#### WEB

##### Business Websites

Simple professional websites, portfolio pages, landing pages, and service pages.

#### REST

##### Spring Boot REST APIs

Build and support REST APIs, backend endpoints, validation, and response flows.

#### DATA

##### PostgreSQL Backend Modules

Database-backed modules, CRUD workflows, query checks, and backend data support.

#### DASH

##### Admin Dashboards / Business Tools

Practical dashboards, internal panels, and business workflow screens.

#### QA

##### API Testing & Bug Fixes

Postman testing, manual testing, bug verification, and API behavior checks.

#### AUTO

##### Automation / Integration Support

Small automation tools, website/API integration, and repetitive workflow support.

### CORE STACK

Backend-first toolkit

Java

Spring Boot

REST APIs

PostgreSQL

Microservices

Postman

API Testing

Manual Testing

GitLab

DBeaver

SQL

Hibernate/JPA

React.js

Next.js

HTML

CSS

JavaScript

### CURRENT EXPERIENCE SNAPSHOT

Confidentiality-safe summary

#### Tetra Trion Technologies Pvt. Ltd.

Java Backend Developer Intern | Nov 2025 - Present | Remote, India

- Support backend development and maintenance for banking/finance software using Java, Spring Boot, PostgreSQL, and microservices-based workflows.
- Fix backend issues, validate API behavior, and perform API/manual testing with Postman.
- Use GitLab for collaboration and DBeaver for database inspection, query checks, and issue investigation.

#### ADDITIONAL EXPERIENCE

JSpiders - Software Development Intern | Sep 2024 - Nov 2025

Qspiders CampusConnect - Java Development Intern | Sep 2023 - Nov 2023

Glucian India Pvt. Ltd. - Web Development Intern | Jan 2023 - Mar 2023

#### PORTFOLIO PROOF

Portfolio presents my service direction for websites, Spring Boot APIs, dashboards, API testing, automation support, and practical business web tools.
